

Gold Coast VIP Guided Motorcycle Tours

Let's Ride....

You've already seen the beaches, the hi-rises, the inside of your penthouse, the shops, bars and restaurants, now it's time to escape and see the real Gold Coast; the Hinterland.... by motorcycle. Beyond the busy concrete and glitz of Surfers Paradise lie rainforests, mountains, rich farming lands, winding country roads, hills and deserted beaches, with awesome views and fresh air.

Our exclusive day trips will take you from the Iron and Resin Garage on the Gold Coast to Byron Bay and beyond. You'll ride some incredible roads with local riders. Roads you'd never find by yourself including switchbacks, hills, bridges, sugarcane fields, farmlands and creeks. We'll ride to waterfalls, deserted beaches, along rivers, across creeks and through natural bush land. You may even see some kangaroos and other wildlife.

There'll be no getting lost or missing the best this area has to offer, as we're riding right there with you. We'll handle everything, including bikes, helmets, fuel, guides, food, drinks and local knowledge. Based out of the Iron and Resin Garage in the southern Gold Coast, we can have you riding some of the best roads you've ever ridden within minutes of leaving our shop. Once we fuel up on great coffee and breakfast, we'll start taking the back roads to Byron Bay or anywhere else you may want to explore. Lunch and maybe even a brewery tour will break up our day before we take the long way home along even more incredible roads.

Itinerary:

- Transfer to Iron and Resin in Q1's Mercedes people mover
- Meet at Iron and Resin Garage Currumbin for coffee/breakfast/snacks
- Grab a bike and hit the road
- Ride to Byron Bay via back roads - 90mins to 3 hours (it's up to you)
- Lunch in Byron Bay or surrounds
- Take a tour through one of our local craft breweries (with a tasting of course)
- Take the long way home via beaches, waterfalls, rainforests
- Head back to Q1

Clear your day. You'll want to spend as much time in the saddle as you can on these roads.

Inclusions:

- Equipment
 - Bike
 - Helmet
 - Gloves
 - Jacket
- Local Tour guides/support riders
- Coffee/Breakfast/snack at Iron and Resin Garage
- Water on the ride
- Private Brewery tour and beer tasting
At either Balter Brewing or Stone & Wood
- Souvenir T-Shirt
- Lunch at Byron Bay

* Extras:

We can arrange whatever you need to make this experience rock including:

- A car and driver to bring non-riders along for the day
- Personal security/body guard
- Personal photographer/videographer
- One-way bike return

* Additional fees apply

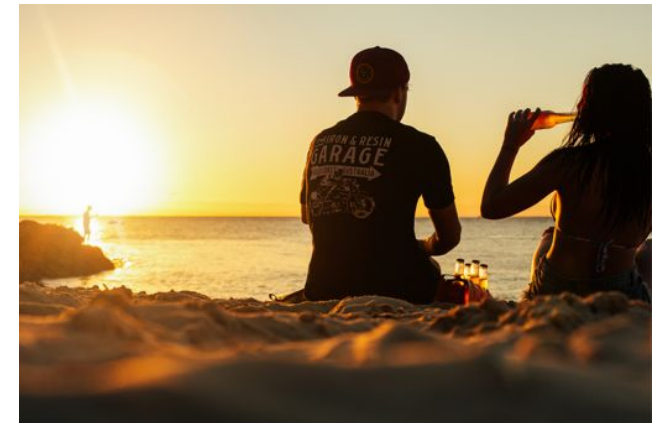

You could even ride with us to the Byron Bay music festivals. What better way to arrive than by a memorable ride through the hills? We'll handle the bike once you're there and arrange your transfer back to the Gold Coast if you need it.

Want to bring the family? Passengers, including children aged 8 years and older can ride with you. Or we can arrange a car and driver to follow us. The roads are still epic from a car and you can all enjoy lunch and activities together.

Of course you'll need a valid motorcycle license, but apart from a sense of adventure, that's about all you'll need.

About us:

Iron and Resin Garage is the Australian distribution arm for Iron and Resin; a brand filled with clothing, accessories and outdoor equipment, born and forged in Ventura California.

Located between the Gold Coast beaches and hinterland, it's a casual and laid back coffee shop, eatery and store where motorcycle riders like to meet and hang out.

We ride... a lot. And when you see the roads we are privileged to enjoy around here, you'll understand too.

We know how hard it is to find something new and unforgettable to do when you're a stranger in a new place. You know there are more than the usual tourist spots everywhere, but how do you find them? We've rented bikes all around the world during our time with Nitro Circus Live but lacked the time, info and local knowledge to know where to take them. Every tour stop would have been better if we'd had a local to show us 'their' roads, so now we're your locals on the Gold Coast. Come ride with us.
